

SONG: ULTIMATE STORY OF LOVE
ALBUM: FREE
ARTIST: HOPE CREATIVE

VERSE 1

Fairy tales of handsome princes white horses and happy endings
Pretty dresses and crowns of diamonds are in the stories we've heard
So we look for enchanted romance
Beyond the pages we find there's no chance
Of ever after and perfect endings still we search for our king
There's one story of love that's more than a fable, there's...

CHORUS

A crown of thorns instead of roses, poured out blood instead of wine
Stretched out hands but not to dance, it's the ultimate story of love
A King who died for us

VERSE 2

Now this King was not so fetching rode on a burro and near His ending He had
A torn garment and a crown of thistles and was hung on a tree
Not what we look for in a Savior, but turn the pages and three days later
An empty tomb and a deep impression where His body was laid
I have found my King and here is His story, He had...

CHORUS

VERSE 3

Now this story is not completed, He's coming back soon undefeated
On His white horse with His army clothed in linen and crowned with glory
With a loud shout He will gather His bride for the feast
We will praise our King in this eternal story now...

CHORUS 2

The crown of thorns are the roses, His poured out blood is the wine
Stretched out hands so we can dance, it's the ultimate story of love
A King who died for us
